A. J. MORSE & SON – Milwaukee WI

In January of 2016 DESCO Corporation purchased the assets of Morse Diving Incorporated. DESCO is offering helmets and parts under the brand name A. J. Morse & Son. Wherever possible parts will be made from original Morse company designs. There will be some DESCO/Morse crossover in the U. S. Navy Mark V and Helium Helmets where identical parts are used. Much of the intellectual property of the Morse Co. was lost or destroyed and will require reconstruction. As the ability to produce more Morse products develops those products will be added to this price list.

A. J. MORSE & SON CLASSIC STYLE HELMETS

Due to the labor intensive method for hand tinning AJ Morse & Son helmets the plated versions will cost more.
